Dear Mr. Levin,

I Inadvertently received a copy of your letter to the Interior Board of Land Appeals, Arlington, Virginia, **without a date.**

**First**, of all, Mr. William Pappas is not involved with Unique Minerals Inc. Mr. Pappas is with a company called Cambrillic Natural Stone, LLC.

**Second**, the appeal before the IBLA Board for my company, Unique Minerals Inc., is **separate and distinct from the appeal of Cambrillic Natural Stone, LLC.**

You are fully cognizant of the fact that you have extracted stone, and sold stone that **is not owned by you.** The customers you state, are not your customers, but in fact our customers. You still attempt to get back to trespassing on the claims in which you do not have an interest, no matter what compliance you assert concerning your "so called" illegal Rock Sale Agreement with the BLM Fillmore Utah Office.
